

# NEW STEAM GENERATORS

Ecovapor Front

Atmos

IRONING PRESSING MACHINERY - FUSING PRESSES

## Ecovapor Front

Industrial electric steam generator for continuous operation. Available in 6 models depending on the power from 2.5kW up to 6kW. Different connections for one, two or three steam irons. All functions are electronically controlled through an electronic plate. Suitable for the garment industry, dry cleaning shop, tailors and ateliers.

### Special Features:

- Electronic water level control system through 1 electrode.
- Cylinder Steel Boiler 8.5 L / thickness 7.1mm (the water drops glide down to the bottom of the boiler).
- Outside and inside welding of the boiler to avoid oxidation.
- Double steam outlet for 2 Irons which keeps the steam dry.
- Water inlet through a copper tube Ø12mm.
- External Safety valve, according to the TUV safety regulations.
- 20L water tank, placed at the front of the steam generator.
- Wheels for easy transport and service

Boiler	Steel 8.5 L
Operating pressure	3.5 bar or (4.5 bar after request)
Test pressure	6 bar
Overall dimensions	(L)46 x (D)60 x (H)90cm
Power supply	400V-3ph-50Hz or 230V-1ph-50Hz

## Atmos

Steam generator 5 L with 1 steam iron. The Atmos is designed for usage in small workshops, tailors and ateliers.

Comes with a cable holding antenna and a silicone iron rest. Due to the 4-pole socket, it is easy to change amongst a steam iron, steam brush and a steam gun. There is a lightning Index Alarm with a built-in buzzer to notify of low water level.

INOX Boiler	5 L
Steam autonomy Approx.	3-4 hours
Steam pressure	3 Bar
Boiler heating power	1500W
Iron heating power	800W
Power supply	230V-50Hz
