

Moto Deco 3000

Ironing Table specially designed for curtains with rolling ironing surface with heating and suction

Moto Deco 3000 is a solid modern construction, ergonomically designed for quality ironing and shorter ironing time.

The table was designed with the following unique features:

- Three different programs for using to choose. Position– 0: Steam Supply. Position-P1: Steam Supply and vacuum at the same time. Position-P2: When the steam supply stops, then the vacuum immediately starts.
- Rolling ironing surface for easier fabric traction activated by photoelectric cells
- Timer system for steam and suction by using only the iron's push button
- Easy and quick install/uninstall of the fabric conveyor belt
- Two separate motors for even and strong suction all over the working surface
- Two curtain holders (front and back), approximately 60cm deep each, for holding on the curtain/cloth
- Inclined surface for easy fabric traction and ironing

Comes with: two photocells (back and forward) for controlling the rolling surface, wheels with brakes for easy drive, steam and suction timer system, condenser K/6/2, steam trap, 2 pieces of curtain holders, iron rest with silicon iron pad, Vario and lighting system, iron gantry and iron.

Working surface:.....300 X 55 cm

Height:.....85cm

Heating power:.....2kW

Suction power:.....2 motors X 0.55kW

Power supply:.....400V-3ph/N/PE-50Hz

Model	Code	Description	Volt	Suction kW	Blowing kW	Heating kW
