

All the Special Ironing tables can be mounted either on a FLEX base or on a PERFECT base. They are both sturdy and ergonomically constructed for the best possible finishing results while simultaneously provide to the operator relaxing working conditions and, therefore increase the productivity.

FLEX Base

Dimension of Base: 40 x 40 cm x adjustable height.

Adjustable Height: 75-91cm with screws so that the operator can adjust it at 4 different levels.

Chimney: 125 cm with a lever for adjusting the suction. The high chimney prevents the air and noise from distracting the operator.

Pedal: double kicker plate placed at an ergonomic position on the base of the machine.

PERFECT Base

Dimension of Base: 40 x 49 cm x adjustable height.

Adjustable Height: 82-97cm with stabilizer that can be adjusted at recommended level with height indicator so that each user can set their preferred height within a few seconds.

Chimney: 125 cm with a lever for adjusting the suction and a 0-100% indicator. The high chimney prevents the air and noise from distracting the operator.

Pedal: adjustable double kicker plate to suit the operator's preference.

Electrical Panel Board: placed on the chimney for easier access and service.

PFL

Lining ironing table with heating and adjustable suction & blowing.

For ironing the lining of garments.
Suitable for garment industries.

Comes with: standard FHLN-S Ø120mm buck, ATB Swivel bow, chimney, silicone iron rest pad, kicker plate, wheels for easy drive, and side stand with F15 shoulder buck Ø85mm.

It can be accommodated different bucks.

Extra accessories: 1. Water spraying system, 2. Steam iron, 3. Different bucks Ø120mm and Ø85mm,
